Corner Steps

Custom Decking, Retaining Wall

3' LED Sheer Descent

Pool Liner: Light

# *Aqua Crete Pools - Built to Last*

## *What does Aqua Crete Mean?*

The process Burton Pools & Spas uses for constructing an Aqua Crete premium pool starts with a material that has been around for over 2000 years. You can put your mind at ease knowing that the same durability of the Roman Colosseum and the Hoover Dam is what forms the substructure of your pool. What makes the Aqua Crete premium pools different from other pools is that all steps, walls, benches, and tanning ledges are made from concrete, then covered with low-maintenance premium vinyl liner.

## *Advantages of Aqua Crete Pools*

- Lifetime warranty / labor and material
- Wide variety of pool shapes to fit anyone's needs
- Liner over concrete-poured step means seamless appearance
- No possibility of rust, oxidation, or corrosion
- Salt-friendly construction
- Vinyl finish is very low maintenance
- Added depth in shallow end of pool

## *Why Choose Burton Pools & Spas?*

Burton Pools & Spas began in 1978 with two brothers whose mission was to create beautiful environments that bring families together and help them enjoy fun outdoor activities in the comfort of their own backyard. Burton Pools & Spas has been awarded 12 PHTA Gold Medals for pool design and construction, been recognized as Regional Dealer of the Year by Hot Springs Spas, and been named one of the top 100 pool companies in the U.S. by Aqua Magazine. With over 5000 pools built, you can feel confident that our experience is your source for backyard fun.
